

Eight Flags Computer Systems & Supplies Pte Ltd

About us

Eight Flags Computer Systems & Supplies Pte Ltd is an IT hardware and software reseller that has been and still striving over 26 years to be a one stop solution center for NTU and NIE universities' staff and students. We also extend our services to other government organizations and private corporate sectors as well.

Out View about HR & Talent

We are operating in fast paced industry, whereby IT is always evolving. We are looking out for team players who are always current and adaptive to new skills.

Students' Feedback

The job scope is truly diverse due to the company size. It is challenging and fund to work in a never-mundane environment and glad I had the opportunity to take up various roles in operations.

Collaborations with IHLs

We have been taking interns in for their assistance with building our company's portfolio and presence in market. We are very grateful for this opportunity.
