

ZMC AUTOMOTIVE

About US

ZMC Automotive is a one-stop destination for all car needs. Known to be Singapore's pioneering automotive retail and service brand in automotive security parts. ZMC established its foothold in 2007 and since then, we have grown to become Singapore's leading car accessories distributor.

Our Views About HR & Talent

Talent can be nurtured. We believe that if people are truly focused on what they are doing, they can be trained.

Students' Feedback

Students who interned with us felt the internship was intensive as they truly have to put what they have learnt in school to practice.

How have we collaborated with IHLs

Through the SME Talent Programme, we have engaged a HR Intern from SUSS and look forward to collaborating with more IHLs on various internships in the future.
